Professional Rider. Closed Course. Do Not Attempt.

US VERSION

2014 POLARIS | APPAREL & ACCESSORIES

★ The Ride makes demands. It tests your resolve and conviction. Those who come prepared will always leave with more than those who don't. From the most technical outerwear and base layers to ride-inspired lifestyle apparel, Polaris® never takes The Ride, or its spirit, for granted. And by the same token, riders never take their apparel and accessories for granted. When you take ownership of the journey it becomes yours, and what could be better than that?

The Ride offers its rewards freely to those who are able to adapt to the conditions. Whether hard-charging mountain ascents or aggressively hitting the trails in the warm light of spring, The Ride makes demands on both rider and gear. Polaris® technical wear offers the ultimate performance for the wide range of situations you encounter without ever compromising style. The Keith Curtis collection stands as a perfect example— as stylish when you take to the streets as it is on the trail.

If it were possible, The Ride would never stop. But it does. That's not to say you can't carry The Ride with you wherever you go, whatever the season, with Polaris® style. From base layers to insulation to outer layers, The Ride-inspired designs and quality of Polaris® lifestyle apparel keeps The Ride alive even when your day isn't spent on the snow. Whether you favor the bold look of our Black Ice or RMK®/Assault collection, the elegance of our Women's collection, or the classic style of the Americana or Race collections, there's no Polaris® rider left behind.

"Working with Polaris® allowed me to implement my own ideas and style to develop a signature line that performs phenomenally with a KC711 touch."

Keith Curtis, Snowmobile Hillclimb Champion

THE RIDE IS HERE. ARE YOU READY?

No hesitation. No deliberation. No second-guessing. It's about getting everything possible out of every mile. Polaris® understands what it takes to excel in the most demanding riding situations. Aggressive conditions reaching deep into the high country require technical outerwear capable of delivering protection from the elements and breathability to keep you focused on The Ride.

A. POLARIS ZONE MOUNTAIN JACKET

This is the premium jacket for mountain riders, like hillclimb champion Keith Curtis, and aggressive trail riders whose comfort depends on staying dry. Polaris® and FXR® have teamed up to create the FXR® Zone Jacket. It delivers the industry's finest waterproof/breathable performance and lets a rider adjust heat retention and airflow using zippered vents. It is part of the KC711 collection Keith Curtis helped design.

SHELL: Durable 3000 Kordura shell with seam-sealed HydrX Pro™ laminate and 5000 Kordura-reinforced shoulders

WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; guaranteed dry

2864141 Keith Curtis, KC711 Edition | S-3XL

2863044 Black | S-3XL, MT-2XLT

2864140 Assault Print | S-3XL

B. POLARIS AXIS JACKET

This is the ideal jacket for deep snow riders and aggressive trail riders who want a versatile jacket that delivers outstanding value. It provides great waterproof/breathable performance, has adjustable venting and is lightly insulated.

SHELL: Durable polyester shell with HydrX Pro™ laminate
WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; 90g of insulation; guaranteed dry

2864142 Black/White North Star Print | S-3XL

C. POLARIS ZONE MOUNTAIN PANT

This pant provides riders who absolutely need to stay dry – like hillclimb world champion Keith Curtis, who helped design it – with unmatched waterproof/breathable performance. It features flexible, comfortable construction, a fit designed for aggressive riders, and styling that coordinates with other KC711 collection gear and sportswear.

SHELL: Durable 3000 Kordura shell with seam-sealed HydrX Pro™ laminate and 5000 Kordura reinforced knees, instep and hem

WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; guaranteed dry

2864143 Keith Curtis, KC711 Edition | S-3XL; MT-2XLT

2864116 Black | S-3XL; MT-2XLT

D. POLARIS ZONE MOUNTAIN BIB

For mountain riders and aggressive trail riders whose comfort depends on staying dry, Polaris® and FXR® have teamed up to create the FXR® Mountain Bib. The uninsulated bib with the FXR®-exclusive MMT™ Two Stage Dry System™ delivers outstanding waterproof/breathable performance to ensure a rider stays dry.

SHELL: Durable 300-D Kordura shell with seam-sealed HydrX Pro™ laminate and 500-D Kordura reinforced knees, instep and hem

LINING: HydrX Pro™ laminate lining, fully seam-sealed; thermal seat insert

WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; guaranteed dry. YKK® waterproof leg, hand pocket, and front zippers.

READY. WILLING. ABLE.

The Ride dishes out whatever it pleases — sometimes just to see how you'll respond. Armed with unrelenting Yukon outerwear delivered by Polaris®, there's never any question. With uncompromising warmth to keep you riding no matter how far the mercury plummets, you'll be ready for any test the trail brings.

Back Vent

A. POLARIS YUKON JACKET

This versatile 3-in-1 jacket delivers the best in all-day comfort. The removable liner provides ultimate warmth using an innovative combination of insulation and Exkin™ reflective heat technology. In milder conditions, a rider can remove the liner and wear the shell or liner separately.

SHELL: Durable 200/420-denier nylon shell with HydrX Pro™ laminate, seam-sealed in critical areas

WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; Radial Dry Vent System™; guaranteed dry

REMOVABLE LINER: Can be worn separately; durable nylon shell; FXR®-embossed nylon taffeta lining with new Exkin™ front and back inserts for extra warmth; Thermal Flex™ insulation (150g body/120g sleeves); YKK® zippers up the front and on fleece-lined hand pockets; soft collar roll; shock cord-adjustable hem; zippered pocket and cell phone pocket inside chest

2864117 Black | S-3XL; MT-2XLT

2864144 Black/Red | S-3XL; MT-2XLT

Removable Liner

B. POLARIS YUKON BIB

Premium construction and the combination of insulation, a removable liner and reflective technology deliver outstanding warmth. Premium waterproof/breathable performance and tremendous adjustability provide all-day comfort.

SHELL: 200-denier nylon, 600-denier polyester
WATERPROOF/BREATHABLE: 10,000mm/8,000g

THE RIDE LOOKS GOOD. REALLY GOOD.

Strength comes from thriving in all situations. And looking good doing it never hurts. When you turn to Polaris®, you know you're getting innovative technology with modern style. The designs are flattering. The performance is superior. Adaptable to a variety of conditions, Polaris® style is ready for whatever The Ride has in store.

A. POLARIS DREAM JACKET

This versatile 3-in-1 jacket's removable liner provides outstanding warmth using an innovative combination of insulation and Exkin™ reflective technology. In milder conditions, the liner can be removed and the liner or shell can be worn separately.

SHELL: Durable 200/420-denier nylon shell with HydrX Pro™ laminate; sealed seams in critical areas; 90g of fixed insulation in the outer shell
WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000 waterproof/breathable; guaranteed dry
REMOVABLE LINER: Can be worn separately; durable nylon shell; FXR®-embossed nylon taffeta lining with new Exkin™ front and back inserts for extra warmth; Thermal Flex™ insulation (150g body/120g sleeves)

- 2864153 Black | S-3XL
- 2864119 Black/Magenta | S-3XL

B. POLARIS DREAM BIB

The warm and stylish bib delivers outstanding waterproof/breathable performance to keep a rider comfortable in all conditions. There are several adjustable features to ensure a proper fit.

SHELL: Durable 200/420-denier nylon shell with HydrX Pro™ laminate; seam-sealed in critical areas
WATERPROOF/BREATHABLE: FXR®-exclusive MMT™ Two Stage Dry System™; 20,000mm/8,000g waterproof/breathable; guaranteed dry

A. MODULAR HELMET

Trailside breaks and fuel stops are easier and more enjoyable than ever with this Modular Helmet. A rider can keep the helmet on and flip open the entire front of the helmet, making it easy to communicate, consult maps or GPS, and have a snack or a drink. It also has an electric shield that reliably prevents fogging in all conditions.

SHELL: Injection-molded plastic shell
SHIELD: Dual-pane shield, anti-fog and anti-scratch coatings
VENTS: Two intake vents, four exhaust vents
ADDITIONAL FEATURES: Quick-release strap system; black helmet comes with a Polaris® decal that can be placed wherever the rider wants
SAFETY: DOT-approved

B. CYCLONE ADV HELMET

Premium materials make the Cyclone ADV Helmet among the most protective helmets available. Fiberglass with a lightweight EPS (expanded polystyrene) application is used to create a strong, durable, lightweight shell that provides the greatest protection a rider can get.

SHELL: Strong, lightweight fiberglass with lightweight, impact-absorbing EPS liner for outstanding impact protection
SHIELD: Dual-pane shield; anti-fog and anti-scratch coatings, quick-release ratchet system
VENTS: Dual venturi exhaust vents, elongated crown vents, chin and rear exhaust vents
BREATH DEFLECTOR: PureSeal™ Technology features closed-cell foam with new and improved adhesive around the breath deflector and ports to help create a tight seal, redirecting breath outside the helmet to prevent fogging
SAFETY: SNELL 2010 and DOT-certified through size 2XL; DOT-approved through 4XL

TECHNOLOGY BREAKDOWN

ANTI-FOG HELMET SHIELD TECHNOLOGY

PureSeal™ Technology works by redirecting your breath outside the helmet.

- Allows for maximum visibility and rider comfort.
- Closed cell foam around breath deflector and ports help create tight seal, redirecting breath outside the helmet to prevent fogging.

B. FLY® F2 CARBON SNOW HELMET

Riders wearing this FLY® F2 Carbon Snow Helmet will enjoy the same outstanding comfort and protection that champion hillclimber Keith Curtis experiences when he goes backcountry riding or racing. Incredibly lightweight, outstanding coverage and protection, and tremendous comfort. Premium carbon fiber/Kevlar® shell materials deliver protection that performance-minded riders demand as well as light weight that doesn't strain a rider's neck during a long day of riding.

SHELL: Composite construction shell made of state-of-the-art, aircraft-grade woven carbon fiber and Kevlar® composite materials for superior strength and light weight; dual density EPS (expanded polystyrene) liner, one layer softer and one slightly harder, combining to provide more progressive impact absorption for different levels of impact.

VENTS: Multi-port air induction cooling system, 11 intake and four exhaust vents, and tri-vent goggle anti-fog vents

INTERIOR: "Quick Snap" system, removable washable comfort liner and cheek pads; plush liner absorbs sweat and ventilates

ADDITIONAL FEATURES: Comes with breath deflector and rubber vent plug kit

protective nose guard; lightweight aluminum hardware

SAFETY: SNELL M2010-, DOT- and ECE-approved

COMPOSITE CONSTRUCTION SHELL

Outer shell is constructed using state-of-the-art, aircraft-grade woven carbon fiber and Kevlar® composite materials, which creates superior strength while remaining extremely light.

DUAL DENSITY EPS LINER

Two layers of expanded polystyrene, one softer and one slightly harder, combine to give you more progressive impact absorption.

MULTI-PORT AIR INDUCTION COOLING SYSTEM

Eleven intake and four exhaust vents create massive airflow to keep your head cool - so cool that we include an air vent plug kit to keep you warm and cozy when riding in cold weather.

A. DEMON 1.1 HELMET

The lightweight, comfortable Demon 1.1 Helmet provides outstanding protection and has a multi-channel flow-through vent system for consistent comfort.

SHELL: Lightweight, protective composite fiberglass with dual-density EPS liner; the EPS liner absorbs impact, and its two layers are engineered to position increased density in specific impact-prone areas to provide the most effective protection

VENTS: Aerodynamic, multi-channel flow-through ventilation system introduces fresh cooling air that flows over and around the rider's head, then exhausts out rear vents for enhanced rider comfort.

ADDITIONAL FEATURES: Removable molded roost deflector protects the nose/face from debris; adjustable chin strap

SAFETY: SNELL M2010 DOT-approved

509 FOR POLARIS

C-D. 509™ AVIATOR SNOWMOBILE GOGGLES

The innovative frame of the Polaris® 509™ Aviator goggle is rimless. This allows for a much larger spherical lens, minimizes the amount of goggle frame in a rider's field of vision, and provides a rider with industry-leading peripheral vision. This enhanced visibility is complemented by a comfortable fit and fog-free performance.

FRAME: Minimized-depth frame has triple-layered foam for a comfortable fit on a rider's face. The rimless design allows the lens surface to easily shed snow, thus preventing snow build-up to keep vision clear on even the snowiest days

LENS: Dual-pane, cold-weather-specific smoke-tint lens has a bronze mirror finish and is made of shatterproof material; lens has seven foam-lined vents, is 100% UV blocking, and has anti-fog and anti-scratch coatings

STRAP: Triple silicon-lined strap keeps the strap and goggle securely in place

ADDITIONAL FEATURES: Removable nose mask, Polaris® branding on the strap

E-H. 509™ SINISTER SNOWMOBILE GOGGLES

509™ Sinister goggles were engineered by snowmobilers specifically for snowmobiling, so they provide exactly what riders want: absolute fog-free vision through a protective, premium optical lens that is mounted in a frame with a comfortable, moisture-wicking triple layer of foam against the rider's face.

FRAME: Features 14 vents across the top, sides, bottom and lens to create a continual flow of cool, comfortable air. This design exhausts all the hot air out the bottom of the goggle and keeps the lens fog-free

LENS: Dual-pane, cold-weather-specific yellow-tint lens has a chrome finish and is made of shatterproof material; lens has four foam-lined vents, is 100% UV blocking, and has anti-fog and anti-scratch coatings

STRAP: Triple silicon-lined strap keeps the strap and goggle securely in place. Hinged strap mounts are designed to work specifically with open-faced MX-style helmets. The articulating hinge system ensures a perfect fit by letting the goggle fit firmly, yet comfortably, against the face. The sides of the goggle don't pull away from the face, so there's an optimized seal against the face and no air or moisture leaks inside the goggle

ADDITIONAL FEATURES: Removable nose mask, Polaris® branding on the strap

FROM OUTSIDE TO CORE,
PERFORMANCE THROUGH
AND THROUGH.

The Ride isn't always predictable. And nothing offers as much adaptability and range as the Polaris® layering selections. With lightweight, high-tech AP-360® wicking and antimicrobial gear, high-performance riders stay dry and comfortable all day. Add the new Mid-Layer between the Base Layer and Outer Layers, and you can rest assured: The Ride will go on.

A. U.P. BASE LAYER

- 93% polyester, 7% spandex jersey knit
- Reflective logos

2864030 Black Ice | Top | Grey | S-3XL
2864031 Black Ice | Bottom | Grey | S-3XL

B. BLACK ICE BASE LAYER

- 93% polyester/7% spandex jersey knit
- Contrast stitching and reflective logos

2864033 Black Ice | Top | Black | S-3XL
2864032 Black Ice | Bottom | Black | S-3XL

STEP 1  BASE LAYER

Base layer needs to wick sweat away from your skin. Polyester is good, cotton is bad.

STEP 2  INSULATING LAYER

Insulating layer must work with the base layer to transfer moisture. Polyester and fleece are best. Includes Mid-Layer and Mid-Heavier layer.

STEP 3  OUTER LAYER

Outer layer must block wind and allow moisture to escape. Add or remove layers as needed to stay warm and comfortable.

C. VERTICAL CLIMB PERFORMANCE SHELL

- 88% polyester/12% spandex jersey fleece shoulders and sleeves
- 100% nylon shell with 100g Thermore® Classic insulation, with quilting top layer
- Two zippered handwarmer pockets
- Polaris® logo on left chest and left sleeve; star on back of neck

2864028 Black Ice | Black | S-3XL
2864029 Black Ice | Red/Black | S-3XL

D. PURE-DRY® MID-LAYER SHIRT

- Cocona® impregnated polyester (78% recycled) accelerates drying
- Chest pocket with reverse coil zipper and contrast-color overlay
- Zipper garage over neck for comfort
- Embroidered Polaris® logo on left chest and ellipse logo on back

2863139 Red | S-2XL

E. POLARIS® FULL ZIP FLEECE

- Polar fleece
- Red embroidered Polaris® logo on right chest, ellipse logo on tail
- Two zippered handwarmer pockets; zippered chest pocket; red zippers; zipper garage at neck for comfort

2863023 Black | S-3XL

F. POLARIS® FLEECE

- Quarter zip
- Two zippered handwarmer pockets
- Polar fleece

2863024 Black | S-3XL

G. OPS TECH LONG SLEEVE

- Effective mid-layer in layering system
- AP-360™ anti-bacterial protection fabric treatment
- Excellent moisture-wicking performance
- Far-infrared (heat enhancing), anti-static, anti-pill

2864096 Black Ice | Black | S-5XL

H. POLARIS® PERFORMANCE SHIRT

- Quarter zip
- Contrast zippers
- Jersey polyester, stretch material, brushed fleece interior

2863025 Black | S-2XL

I. ANNAPURNA MID-LAYER

- 100% polyester polar fleece; anti-static/anti-pill
- Contrast zipper, trim and cuffs

2864019 Americana | Navy | S-5XL
2864020 Black Ice | Black | S-5XL

J. POLARIS® SOFTSHELL

- 5,000mm/5,000g waterproof/breathable softshell, mesh interior
- Underarm vents with waterproof zippers
- Waterproof front zipper

2863021 Black | S-3XL

K. POLARIS® WINDBLOCK

- 10,000mm waterproof windblock exterior material
- Fleece interior and waterproof zippers

THE RIDE GOES ON

Just because your sled isn't on the trail doesn't mean The Ride is over. It's something you carry with you whether you're grabbing a cup of coffee or making an appearance at your kid's basketball game. Polaris® style covers a lot of territory, so it's simply a matter of looking inside and answering the question, "Are you a bold Black Ice kind of guy, or do you lean to the traditional styling of the Americana collection?" Who knows, perhaps you relate more to the RMK® or Keith Curtis collections?

A. FXR® SOFTSHELL HOODIE

This multi-season hoodie has a wind/water-resistant shell, waterproof/breathable performance, and a fleece lining.

SHELL: Wind- and water-resistant tri-laminate 4-way stretch shell
LINING: Warm moisture-wicking bonded fleece interior

YOUR STYLE. YOUR RIDE.

From base layers to insulation to outer layers, Polaris® offers a range of options that address every situation. Of course just getting the job done is not enough, because throttling down the trail without style discredits The Ride. Not to mention, it's just a lot less fun.

A. BLACK ICE BASE LAYER

- 88% polyester/12% spandex jersey knit
- Contrast stitching and reflective logo script logos

2864060 Black Ice | Top | Black | S-3XL

2864061 Black Ice | Pant | Black | S-3XL

STEP 1 **BASE LAYER**

Base layer needs to wick sweat away from your skin. Polyester is good, cotton is bad.

Insulating layer must work with the base layer to transfer moisture. Polyester and fleece are best. Includes Mid-Layer and Mid-Heavier layer.

Outer layer must block wind and allow moisture to escape. Add or remove layers as needed to stay warm and comfortable.

STEP 3 **OUTER LAYER**

B. ASPEN HIGHLANDS QUILTED JACKET

- 100% nylon DWR (Durable Water Repellent) shell; 40g insulation
- 97% polyester/3% spandex stretch side panels
- Full-zip front and two handwarmer pockets
- Polaris® script logo on left front; star on back of shoulders

2864057 Black Ice | Black | S-3XL

C. ASPEN HIGHLANDS VEST

- 100% nylon DWR (Durable Water Repellent) shell; 40g insulation
- 97% polyester/3% spandex stretch side panels
- Polaris® logo on left chest; star logo on back of shoulders
- Full-zip front; two handwarmer pockets

2864058 Black Ice | Magenta | S-3XL

2864059 Black Ice | Black | S-3XL

D. OPS TECH LONG SLEEVE

- Effective mid-layer in layering system
- AP-360™ wicking and antimicrobial
- Excellent moisture-wicking performance
- Far-infrared (heat enhancing), anti-static, anti-pill

2864097 Black Ice | Black | XS-3XL, 1W-3W

E. WOMEN'S POLARIS® SOFTSHELL

- 5,000mm/5,000g waterproof/breathable softshell, mesh interior
- Underarm vents with waterproof zippers
- Waterproof front zipper

2863026 Black | S-2XL

F. WOMEN'S FULL-ZIP POLARIS® FLEECE

- Polar fleece
- Contrast zippers
- Two zippered handwarmer pockets

2863027 Black | S-3XL

G. POWDER MID-LAYER

- 100% polyester polar fleece with 88% polyester/12% spandex jersey fleece side inserts
- Anti-static and anti-pill
- Two handwarmer pockets
- Retro Polaris® logos on left chest and back of shoulders

2864055 Americana | Blue | S-3XL, 1W-3W

2864056 Black Ice | Magenta | S-3XL, 1W-3W

A. YOUTH POLARIS RACE TEAM REPLICAJACKET

Young riders can look like professional Polaris® racers in this jacket that features extensive Polaris® Racing branding. It's a warm, durable and protective jacket youngsters can wear all winter.

SHELL: Durable polyester/nylon shell
WATERPROOF/BREATHABLE: Reissa® 2,000mm/2,000g/m² waterproof/breathable laminate
INSULATION: Warm, microfleece body, embossed taffeta sleeve lining, 225g fixed Thermal Flex™, insulation value, body/sleeve, removable hood

2864132 Race Print (Red) | XS-XL

B. YOUTH FXR® JACKET

Young riders will be well protected in this jacket that provides warmth and reliable waterproof/breathable performance. It features bold Polaris® branding and has convenient zippered pockets.

SHELL: Durable polyester/nylon shell
WATERPROOF/BREATHABLE: Reissa® 2,000mm/2,000g/m² waterproof/breathable laminate
INSULATION: Warm, microfleece body, embossed taffeta sleeve lining, 225g fixed Thermal Flex™ insulation value, body/sleeve, removable hood

2864133 North Star Print VooDoo Blue | XS-XL

2864134 North Star Print Magenta | XS-XL

C. YOUTH FXR® BIB

Youngsters enjoy premium protection and outstanding warmth and comfort with the Youth FXR® Throttle Bib. Numerous features ensure a proper fit, and zip-off leg extensions let the bib grow with a youngster.

SHELL: Durable polyester/nylon shell
WATERPROOF: Reissa® 2,000mm/2,000g/m² waterproof/breathable laminate
INSULATION: Fixed 200g Thermal Flex™ insulation and embossed nylon taffeta lining
SAFETY: 3M® reflective inserts on backs of legs

2863070 Black | XS-XL

D. YOUTH RIPPER JACKET

Parents will enjoy peace of mind knowing that a young Polaris® rider will stay warm, dry and comfortable in this Youth Ripper Jacket. It has warm insulation, waterproof performance and great styling. It also has reflective trim on the back for enhanced visibility.

SHELL: 420-denier ripstop nylon/300x600-denier black polyester oxford
WATERPROOF: 600mm polyurethane
INSULATION: 180g fixed insulation
SAFETY: 3M® reflective ellipse patch on upper back

2862035 Red | S-XL

E. YOUTH RIPPER BIB

Youngsters can enjoy all their favorite winter activities and stay warm and comfortable in the Youth Ripper Bib. It provides protection, warmth and comfort and the leg length adjustability grows with a child.

SHELL: 300x600-denier black Polytex®
WATERPROOF: 600mm polyurethane seam-sealed seat
INSULATION: 180g fixed insulation
SAFETY: 3M® reflective patches on backs of legs

2863168 Black | S-XL

F. YOUTH JACKET

This warm, durable jacket offers excellent protection with its reliable waterproof/breathable performance, and it has adjustable features for a comfortable fit.

SHELL: 600x600-denier 100% polyester oxford with embroidered logos
WATERPROOF/BREATHABLE: 600mm polyurethane waterproof coating
INSULATION: 180g insulation in body and sleeves

2864160 Boys | VooDoo Blue | XS-XL

2864161 Girls | Black/White | XS-XL

G. POLARIS® YOUTH BOOT

Youngsters will enjoy reliable warmth in all their winter activities with these waterproof, comfortable boots.

WARMTH: Removable 8mm Zylex® liner (rated to -40F); moisture-wicking liner
UPPERS: Lightweight and waterproof synthetic rubber shell; waterproof 600-denier nylon upper
SOLE: High-traction rubber outsole
ADDITIONAL FEATURES: Lace lock on snow collar

2864196 Black | Full Sizes 1-6

H. YOUTH DIVA JACKET

This stylish Youth Diva Jacket will keep a young Polaris® rider warm, dry, comfortable and protected all winter. It features smart styling, warm insulation and waterproof performance for outstanding comfort.

SHELL: 420-denier oxford nylon/300x600-denier black polyester oxford and white 300x600-denier polyester oxford
WATERPROOF: 600mm polyurethane
INSULATION: 180g fixed insulation
SAFETY: 3M® reflective ellipse patch on upper back

★ PROTECTION

K. TEK VEST® FREESTYLE

The Freestyle delivers versatile, reliable and comfortable upper body protection and outstanding value. Fits comfortably and protects the chest, ribs and clavicles.

SHELL: Strong, protective UHMW panels cover shoulders; front and rear mesh panels promote cooling airflow

FIT: Adjustable strap system for perfect fit

SAFETY: Optional quick-attach shoulder pads available for upper arm coverage

ADDITIONAL FEATURES: Large arm openings for unrestricted movement; can be used for snowmobiling and off-roading

2862189 Black | S-3XL

L. TEK VEST® SUPERSPORT

Proven and popular, the Supersport delivers the fullest protection along with all-season versatility and comfort. Its zip-on/off fleece collar adds comfort and coverage in cold weather.

SHELL: Strong, protective UHMW panels cover shoulders

FIT: Adjustable belt across lower back ensures proper fit

SAFETY: Optional quick-attach shoulder pads available for upper arm coverage

ADDITIONAL FEATURES: Zip-off fleece collar diffuses rising body heat to reduce fogging; large arm openings for unrestricted movement; drop-tail design for extended coverage; 2-stage pockets; can be used for snowmobiling and off-roading

2862190 Black | S-3XL

M. YOUTH TEK VEST®

This comfortable, size-adjustable Youth TekVest® provides young riders (70-100 lbs.) with valuable upper body protection.

SHELL: Strong, protective UHMW panels cover shoulders

FIT: Adjustable side straps and arm straps

SAFETY: Shoulder pads are included for upper arm protection

2862191 Black | M-2XL

A. BURANDT LOCK & RIDE® FLYER BAG

Leading backcountry rider Chris Burandt helped develop this lightweight Flyer Bag that installs on a tunnel in seconds and provides convenient, protected storage space.

COLORS: Stylish black and white design

MATERIAL: Durable black ballistic nylon with water-resistant coating

INSTALLATION: Lock & Ride® technology: Install or remove the bag in seconds without tools; installs securely in tunnel's T-slots

CAPACITY: 1,800 cu. in.

- Multiple separate compartments make it easy to isolate wet gear
- Features Burandt Collection branding

2879722 All RMK®, RMK Assault, Switchback® Assault®, 144" Indy, Voyager, '07-11 IQ RMK®

B. BURANDT LOCK & RIDE® TUNNEL BAG

Developed in conjunction with leading backcountry rider Chris Burandt and storage expert OGIO®, this Lock & Ride® Tunnel Bag provides riders with exactly the cargo space needed. This bag has space for survival gear as well as a protective, padded space where food can be stored, and a waterproof section for items such as electronics.

MATERIAL: Ballistic nylon and truck tarpaulin

ATTACHMENT: Bag's Lock & Ride® quarter-turn fittings install in T-slots in tunnel

CAPACITY: 2,500 cu. in.

ADDITIONAL FEATURES: Bag has integrated backpack straps for easy transport when it's off the sled. Lock & Ride® technology; install or remove the bag in seconds without tools

2879086 '11-14 PRO-RIDE™ RMK®, '11-14 Switchback® Assault®, all RMK, 144 Voyager

C. PRO-RIDE™ UNDERSEAT BAG

This Underseat Bag is designed specifically to fit under the seat of MY13 RMK® models. Bag can be left attached to the sled for extended periods, and cargo can be transported to and from the sled in a removable water-resistant liner.

MATERIAL: Durable 1,000-denier nylon with water-resistant coating

ATTACHMENT: Specifically designed to fit under seat of MY13 RMK® (except RMK® 600 144"). Bag attaches with Velcro to seat support

CAPACITY: 364 cu. in. with a 216 cu. in. expandable section

ADDITIONAL FEATURES: Bag is elevated off the tunnel for improved water resistance

2879087 All PRO-RIDE™ RMK®, Indy®, Switchback® Assault®, Voyager

POLARIS INNOVATION

D. ULTIMATE DEFROST BAG

With this PRO-RIDE™ Defrost Bag installed, the instrumentation is repositioned for easier visibility when the rider is standing, and the heated bag is an ideal place to store items such as goggles and gloves. It uses engine heat to keep small cargo warm and dry and to defrost goggles.

MATERIAL: Durable 1,680-denier black ballistic nylon with a water-resistant coating

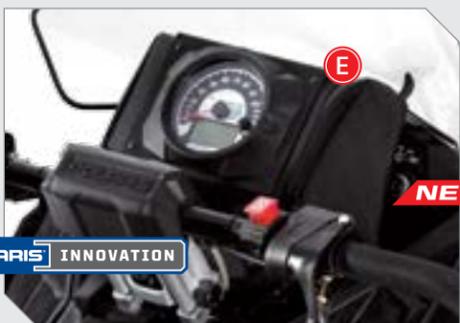

ATTACHMENT: Aluminum external bracket support

CAPACITY: 464 cu. in.

ADDITIONAL FEATURES: Zippered compartment and side mesh venting

2879090 '10-14 PRO-RIDE™*

*Excludes Indy® and Voyager

E. LOW PRO DEFROST BAG

This innovative Low Pro Defrost Bag offers the same features as the Ultimate Defrost Bag, but is smaller and designed for riders who want to use a low windshield. This bag provides a warm, dry place to carry a spare pair of goggles or light gloves. It repositions the sled's instrumentation and uses engine heat to keep small cargo warm and dry and to defrost goggles.

MATERIAL: Durable 1,680-denier black ballistic nylon with a water-resistant coating

ATTACHMENT: Aluminum external bracket support

ADDITIONAL FEATURES: Works with any windshield on a PRO-RIDE™ model; zippered compartment and side mesh venting

2879721 '13-14 Indy, Voyager | Round

2879789 '10-14 PRO-RIDE™, Rush, Switchback®, RMK® | Square

A. VOYAGER CARGO RACK

Voyager riders who need expanded cargo capacity can install this Cargo Rack and carry extra gear. It installs in place of the stock rack, offers numerous tie-down points to secure cargo and will hold a wide variety of large cargo bags.

MATERIAL: Aluminum
INSTALLATION: Installs securely with 6 fasteners into tunnel's T-slots
 • Stock rack can be attached as extension to Tunnel Rack to carry additional cargo
 • Mounting hardware and instructions included

2879846 Brushed Aluminum | Voyager 550 144", INDY 144", Assault, Switchback®

Standard on X2

B. SEMI-RIGID SADDLE BAGS

MATERIAL: 1,000-denier black material, semi-rigid, highly structured
ATTACHMENT: Cam and side-release buckle
CAPACITY: 2,052 cu. in.

2877482 '08-13 IQ® 121" & IQ® Switchback®, Indy®, Voyager

C. INDY® ALUMINUM CARGO RACK

MATERIAL: Sturdy, durable brushed aluminum
ATTACHMENT: All mounting hardware is included
CAPACITY: Up to 15 lbs.
ADDITIONAL FEATURES: Provides a convenient cargo solution for an Indy® rider, and it's designed to accept the Lock & Ride® Switchback® Adventure® Rear Rack Bag (PN 2878731, sold separately)

2879164 Brushed Aluminum | '13-14 INDY®

2879164-458 Black | '13-14 INDY®

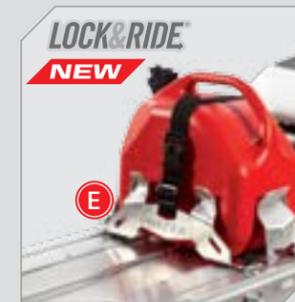

D. LOW PRO DEFROST BAG

This innovative Low Pro Defrost Bag offers the same features as the Ultimate Defrost Bag, but is smaller and designed for riders who want to use a low windshield. This bag provides a warm, dry place to carry a spare pair of goggles or light gloves. It repositions the sled's instrumentation and uses engine heat to keep small cargo warm and dry and to defrost goggles.

MATERIAL: Durable 1,680-denier black ballistic nylon with a water-resistant coating
ATTACHMENT: Aluminum external bracket support
ADDITIONAL FEATURES: Works with any windshield on a PRO-RIDE™ model; zippered compartment and side mesh venting

2879721 Indy, Voyager | Round

2879789 Rush, Switchback®, RMK® | Square

E. LOCK & RIDE® ADJUSTABLE FUEL CAN RACK

This Lock & Ride® Adjustable Fuel Can Rack installs on an RMK®'s model's tunnel and securely holds all the most popular 2.5-gallon (US) fuel cans.

- Carrier installs quickly and easily in tunnel's T-slots
- Easy-adjust strap securely holds wide variety of can shapes
- No tools required to adjust strap
- Holds the most common-shaped fuel cans, including square base and taller, narrower containers

2879790 Aluminum | All RMK®, Assault RMK®, Switchback Assault®, Indy® 144, Voyager

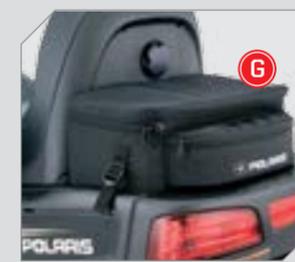

2879790-458 Black | All RMK®, Assault RMK®, Switchback Assault®, Indy® 144, Voyager

F. WINDSHIELD BAG

MATERIAL: 1,680-denier black ballistic nylon
ATTACHMENT: Quick installation
CAPACITY: 490 cu. in.

2876032 All IQ®

G. TOURING 2-UP BAG

MATERIAL: 600-denier black polyester, highly UV stable
ATTACHMENT: Webbing and J-channel with carrying handle
CAPACITY: 1,099 cu. in.

2875964 Rear Touring Bag, 600 LXT, Edge and IQ Touring

H. PRO-RIDE™ WINDSHIELD BAG

Keep compact items in view and close at hand with this Polaris®-branded bag that mounts inside the base of the windshield.

MATERIAL: Rugged, durable 1,680-denier black polyester
ATTACHMENT: Installs in seconds using friction fit and Velcro®
CAPACITY: 270 cu. in. / 4.4 liters

2879166 PRO-RIDE™, INDY®, Voyager

* Models with Mid, Chrome RMK®, Tall or Extra tall windshields

VOYAGER CARGO SYSTEM: VERSATILE AND CONVENIENT

Add cargo or add a passenger.

I. VOYAGER 2-UP TOURING CARGO RACK

Enhance the cargo capacity of a Voyager with this Cargo Rack that provides a secure place to insert and strap down a cargo bag (sold separately).

MATERIAL: 1,000-denier black/grey nylon, semi-rigid construction.
ATTACHMENT: T-slots in tunnel and carriage bolts ensure secure installation; all mounting hardware is included

2878156 '08-13 IQ® 136", RMK®, '11-14 Switchback® Assault

*Standard on Voyager

J. VOYAGER CARGO RACK BAG

MATERIAL: Semi-rigid foam construction
ATTACHMENT: Straps
CAPACITY: 2,500 cu. in.
ADDITIONAL FEATURES: Full-length zipper accommodates transporting of a large bucket for ice fishing supplies. Requires Voyager 2-Up Touring Cargo Rack (sold separately, PN 2878156)

2878158 LXT, Voyager | Touring Cargo Rack Bag

2879842 550 Adventure®

K. VOYAGER 2-UP TOURING KIT

Enhance a passenger's comfort on a Voyager with this 2-Up Touring Kit.

ATTACHMENT: Requires Voyager 2-Up Touring Cargo Rack (sold separately, PN 2878156)
ADDITIONAL FEATURES: Includes long 2-up seat with grab handles and passenger backrest. 2-up kit is limited for casual riding with a youth passenger. Heavier torsion springs are available for ride tuning with adult passenger

2878201 Voyager | Passenger Handwarmer Kit

2878157 '08-13 IQ®, Shift®, Switchback® 136", Voyager

★ STYLE & COMFORT

ENJOY THE RIDE EVEN MORE? YES, IT'S POSSIBLE.

Polaris® offers endless ways to dial in your sled and crank up the style and comfort. Our Chris Burandt™ low bars offer an unparalleled level of steering leverage and comfort. Or change the look of your ride with one of our custom graphic wraps — designed by the pros. The Ride is yours for the taking: How will you personalize it?

A. POLARIS® LOCK & RIDE® HANDGUARDS AND MOUNTS

Strong, durable handguards install easily and provide outstanding protection for a rider's hands in all conditions. Handguards block wind, snow, ice, branches, etc. Mounts sold separately.

MATERIAL: Durable, impact-resistant plastic
FITMENT: Not compatible with 12"-20" windshields
INSTALLATION: Mounts required; sold separately
ADDITIONAL FEATURES: Added wind/snow protection, sold in pairs

2879192	Handguard Black
2879193	Handguard Red
2879194	Handguard White
2879154	Straight Mount
2879190	Pro Taper Mount

B. BURANDT NARROW/LOW BARS 5" WITH GRIPS AND HEATERS

This handlebar used by Polaris® backcountry expert Chris Burandt is narrower and has a 5" rise, which is 2" lower than the standard deep snow bar. It provides a comfortable riding position, lower center of gravity, and confidence-inspiring steering leverage.

MATERIAL: 2014 heat-treated aircraft aluminum; provides superior strength and resists bending
INSTALLATION: Kit includes handlebar, pad, and heated handgrips; everything is included for easy Plug & Play installation; bar fits into stock 7/8" handlebar clamps
• Pre-drilled holes for stud-mounted mountain bar
• Bar hooks can be bolted on easily (not included)

2879795 All Pro-Ride™, including Indy®, Voyager | Black

C. POLARIS® DECALS

Show your Polaris® pride on your trailer, truck or fridge!
2851012-01 Polaris® Decal 14" x 2" | White

D. BURANDT FRACTURE WRAP

E. BURANDT IGNITION WRAP

Customize your sled with the energetic spirit of backcountry expert Chris Burandt, who helped design these graphics. These premium-quality graphic wraps are produced by ArcticFX Graphics, the motorsports industry leader in graphics wraps.
• Kit includes durable, adhesive-backed wrap pieces for the hood and side panels

F. KEITH CURTIS GEAR WRAP

G. KEITH CURTIS RPM WRAP

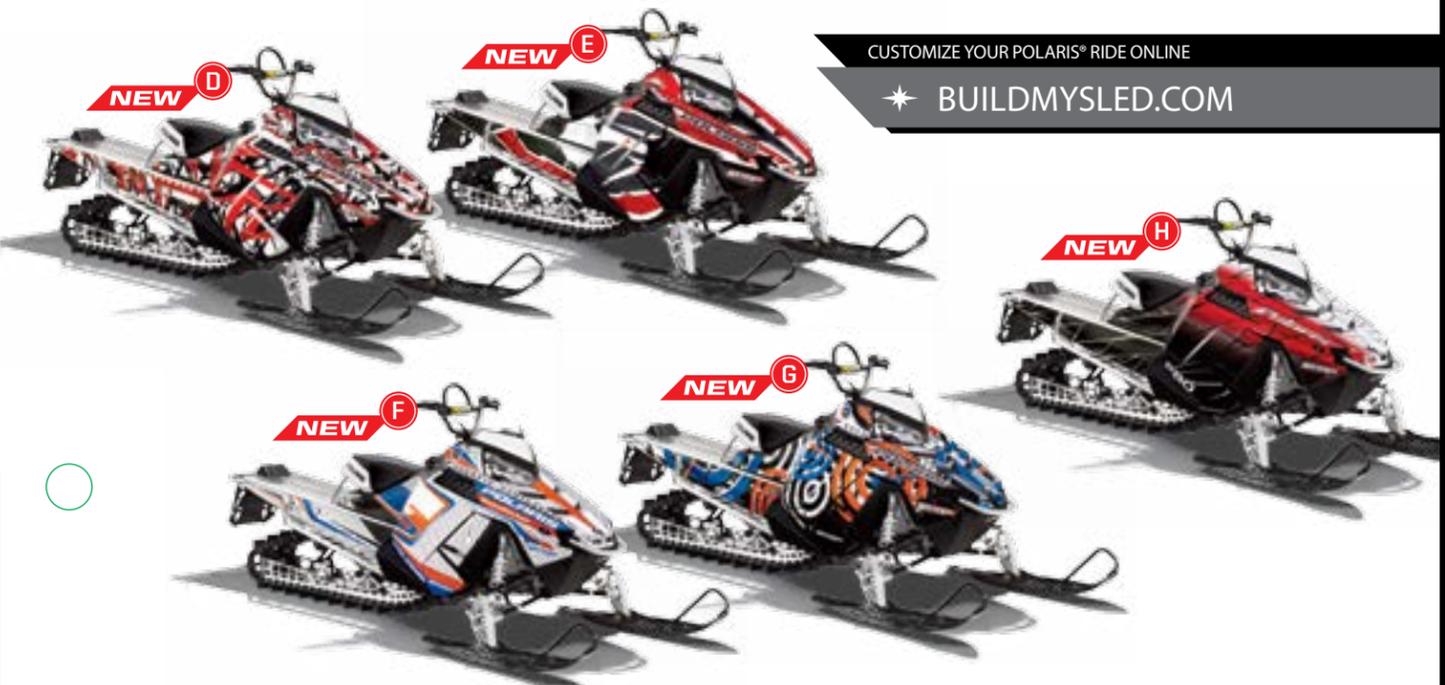

Customize your sled with graphics wraps that project the high-performance style of racer and hillclimb champion Keith Curtis, who helped design these graphics. These premium-quality graphic wraps are produced by ArcticFX Graphics, the motorsports industry leader in graphics wraps.
• Kit includes durable, adhesive-backed wrap pieces for the hood and side panels

H. POLARIS® SHATTERED WRAP

These adhesive-backed graphic wraps give a sled an incredible custom look in a choice of four exciting colors. The graphic resembles a shattered mirror and infuses the side panels and hood of the sled with innovative styling.

• Premium graphic wraps are produced by ArcticFX Graphics, the industry leader in quality and style

HOW TO ORDER

1. Choose Your Wrap
2. Choose Graphics Color
3. Choose Placement

XXX represents track length. Add your track length to the end to complete the ordering part number.

Example: Track length = 144: For Burandt Fracture wrap, color Orange, your tank and tunnel part number would be 2858018-144

AVAILABLE TRACK LENGTHS: 144", 155", 163"

A. UNIVERSAL FORMED HANDLEBAR GAUNTLETS

Riders' and passengers' hands will be well protected by these stylish Formed Handlebar Gauntlets, which can be installed on the handlebar grips or passenger grab handles.

MATERIAL: Durable, protective exterior with insert that can be removed
INSTALLATION: Gauntlet slides over handgrip; adjustable strap with Velcro® secures it in place

- Branded with the Polaris® logo

2879796 Fits all handlebars, passenger handgrips, including Lock & Ride® Convertible Passenger Seat System | Black/Grey

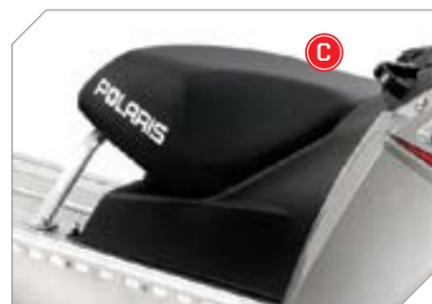

B. HANDLEBAR GAUNTLETS

- Protects hands against wind, cold and snow spray
- Large opening provides easy access for hands and gloves
- Easy slide-on/off installation and removal
- Fleece lining for warmth and comfort

2879155 Universal Fit, Handlebar Gauntlets, Pair*

*Also fits touring passenger handles

C. LIGHTWEIGHT RMK® SEAT

This Lightweight RMK® Seat is the same as a MY 13 Pro RMK® seat, and is designed to provide greater comfort and enhanced ergonomics. This seat is more than 1 pound lighter compared to a '08-'12 seat. It is wider and flatter for greater comfort when a rider is seated, and the front section of the seat retains the narrow profile to optimize space and maneuverability for a standing rider.

- Wider, flatter seat surface; narrow front of seat for easy stand-up riding
- Shorter seat allows easier side-to-side movement of feet and legs
- New rear seat support and hardware included

2879089 '08-'14 RMK®, '11-'14 Switchback® Assault®

D. HOOD MOUNT MIRRORS

- Wide-angle view for good visibility, non-fogging glass
- Folding design for use with cover
- Custom-designed, integrated hood mount style
- Includes all hardware

2877803 All PRO-RIDE™ Includes '13-'14 INDY®, Voyager, Pair

E. HANDLEBAR MIRRORS

- Installs to any IQ or PRO-RIDE handlebar
- Can be used with stock handlebar pad

2876297 Installs to any IQ® or PRO-RIDE™, Pair

F. DUAL PIVOT MIRROR FOR IQ®

- Non-fogging glass, wide-angle view
- Hood mounted, dual pivot design for fully adjustable positioning
- Fits with covers

2878634 IQ®, Pair

LOCK&RIDE®
 LOCK & RIDE® CONVERTIBLE PASSENGER SEAT SYSTEM

THERE'S ROOM FOR MORE ON THE RIDE

The Polaris® Lock & Ride® Passenger Seat System makes it a snap to quickly add a rider. Installing easily on the Switchback® Adventure and on any PRO-RIDE™ Switchback® equipped with the accessory Rear Cargo Rack, it's not been easier to bring a friend along for The Ride, thereby dramatically increasing the versatility of your sled.

G. LOCK & RIDE® CONVERTIBLE PASSENGER SEAT

Switchback riders can enhance their sleds' versatility by installing this Lock & Ride® Convertible Passenger Seat that allows them to take a passenger for a ride.

- Accommodates a passenger of up to 120 pounds/54.4 kg
- Seat has Lock & Ride® technology and can be installed or removed in seconds
- Seat installs on Cargo Rack that is standard on Adventure; rack (PN 2879803 or 2879803-458; sold separately) required on Switchback models for installation
- Seat includes cushioned base and armrests
- Available seat accessories (each sold separately) include: Lock & Ride® Convertible Passenger Seat Backrest (PN 2879841), Lock & Ride® Convertible Passenger Seat Bag (PN 2879805), and Heater Grips for Lock & Ride® Convertible Passenger Seat System (PN 2879840)

2879839 Switchback® with Rack for 550/600/800 Adventure

2879840 Heated Grips for Switchback® Adventure Lock & Ride® Convertible Passenger Seat

H. LOCK & RIDE® CONVERTIBLE PASSENGER SEAT BACKREST

Switchback® and 550 Adventure passengers on the accessory Lock & Ride® Convertible Passenger Seat will enjoy enhanced comfort and security with this backrest, which provides a cushioned support for the passenger's lower back.

- Quick and easy installation in seconds
- Can be used with the Lock & Ride® Convertible Passenger Seat System Bag (PN 2879804 or 2879805; sold separately)

2879841 *Must have the Switchback Adventure® Lock & Ride® Convertible Passenger Seat

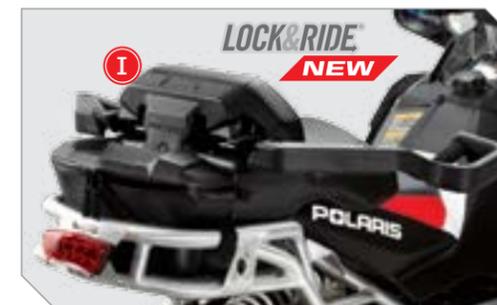

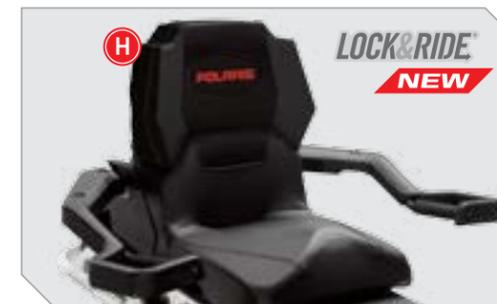

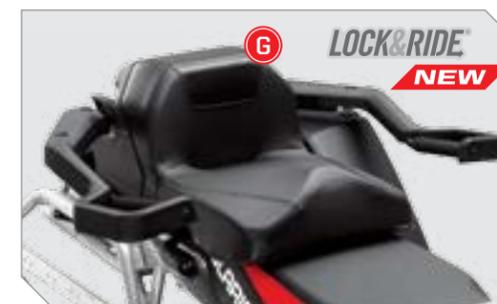

I. LOCK & RIDE® CONVERTIBLE PASSENGER SEAT BAG

This Lock & Ride® Convertible Passenger Seat Bag provides Switchback® and Voyager owners using the accessory Lock & Ride® Convertible Passenger Seat with a convenient, protected cargo carrier.

MATERIAL: Durable black ballistic nylon with water-resistant coating
ATTACHMENT: Installs quickly and easily in cargo rack behind the Lock & Ride® Convertible Passenger Seat; multiple zippered compartments

2879804 Switchback® 136, Adventure

A. EXTRA WIDE TALL WINDSHIELD

This Extra Wide Tall Windshield provides the broadest protection so wind, snow and ice are directed well wide of, or over, the rider. Integrated vents reduce buffering.

HEIGHT: 24" tall for ultimate wind protection
MATERIAL: 20% thicker than stock windshield
INSTALLATION: Installs with six fasteners
ADDITIONAL FEATURES: Light smoke finish with silkscreen

2879156 All PRO-RIDE™, INDY®, Voyager

B. WIDE WINDSHIELD

HEIGHT: 20" tall for excellent hand flares and side deflectors

2878512 All PRO-RIDE™, INDY®, Voyager

C. PRO-RIDE™ WIND DEFLECTORS

MATERIAL: Rubber
INSTALLATION: Adhesive backing for easy install
ADDITIONAL FEATURES: Flared edge is extremely effective at deflecting wind, snow and ice away from the rider so the rider remains warmer and more comfortable

2878723 All PRO-RIDE™, INDY®, Voyager

D. MID WINDSHIELD

HEIGHT: 18.5" tall with top lip for added wind protection
MATERIAL: 20% thicker than stock windshield
INSTALLATION: Installs with eight fasteners
ADDITIONAL FEATURES: Smoke finish with silkscreen

2877841 All PRO-RIDE™, INDY®, Voyager

E. RMK® MID WINDSHIELD

HEIGHT: 14.5" tall with top lip for added wind protection
MATERIAL: 20% thicker than stock windshield
INSTALLATION: Installs with eight fasteners
ADDITIONAL FEATURES: Smoke finish with silkscreen

2879828 All RMK®, Assault® | Matte Black

2879829 All RMK®, Assault® | White Gloss

F. CHROME RMK® WINDSHIELD

HEIGHT: 14" tall without top lip to avoid snow being directed in the rider's face
MATERIAL: 20% thicker than stock windshield
INSTALLATION: Installs with six fasteners
ADDITIONAL FEATURES: Chrome finish

2877840 All PRO-RIDE™, INDY®, Voyager

G. BURANDT SIGNATURE WINDSHIELD

This Burandt-inspired Windshield features styling by backcountry riding expert Chris Burandt with custom Chris Burandt graphics.

HEIGHT: 12" tall for a stylish look
MATERIAL: Screen-printed polycarbonate
INSTALLATION: Installs with six fasteners
ADDITIONAL FEATURES: Low-Mid height windshield provides protection against wind, snow and brush. Graphics include Chris Burandt's signature and backcountry logo

2879098 All PRO-RIDE™, INDY®, Voyager

H. LOW WINDSHIELD

HEIGHT: 7" tall, creates a lower profile
MATERIAL: 20% thicker than stock windshield
INSTALLATION: Installs with six fasteners
ADDITIONAL FEATURES: Gives your sled a custom look

2877804 All PRO-RIDE™, INDY®, Voyager | Low Chrome

2878779 All PRO-RIDE™, INDY®, Voyager | Low Black

2879097 All PRO-RIDE™, INDY®, Voyager | Low White

2879099 All PRO-RIDE™, INDY®, Voyager | Low Red

A. PRO-RIDE™ ULTIMATE FRONT BUMPER

This durable Front Bumper provides outstanding front end protection from hazards encountered during backcountry riding and boondocking.

- MATERIAL:** Aluminum
INSTALLATION: Easy bolt-on installation; all mounting hardware included; replaces stock bumper
 • Protects the nose of the sled and the front heat exchanger

- 2879727 All PRO-RIDE™ including INDY®, Voyager | Aluminum
 2879727-458 All PRO-RIDE™ including INDY®, Voyager | Black
 2879727-133 All PRO-RIDE™ including INDY®, Voyager | White

B. PRO-RIDE™ EXTREME ALUMINUM FRONT BUMPER

- More stout than the stock bumper, provides additional protection
 • Strong, lightweight, aluminum
 • All mounting hardware included

- 2878688 All PRO-RIDE™ includes INDY®, Voyager | Aluminum
 2878688-458 All PRO-RIDE™ includes INDY®, Voyager | Black
 2878688-133 All PRO-RIDE™ includes INDY®, Voyager | White

C. EXTREME REAR RMK® BUMPER

This strong, lightweight aluminum Extreme RMK® Rear Bumper is an outstanding value that gives a sled a custom look and provides reliable protection for the rear of the tunnel.

- MATERIAL:** Aluminum
INSTALLATION: Replaces stock rear bumper and mounts to sides of tunnel
 • Mounting hardware and instructions included

- 2879726 All RMK® and Assault RMK® | Aluminum
 2879726-458 All RMK® and Assault RMK® | Black
 2879726-133 All RMK® and Assault RMK® | White

D. BURANDT'S HD POWDER TRAC™ BOARDS

Strong, durable Burandt's HD Powder Trac™ Boards let extreme riders take their riding to the next level. These beefy extruded aluminum running boards provide the greatest strength made of 6061-T6. They provide a rider with secure footing the full length of the boards during extreme riding.

- Extruded aluminum design with a machined profile
 • Secure front and rear attachment with castings that are adhesive bonded
 • Designed for quick snow evacuation and to prevent ice build-up
 • Removable and serviceable running board assembly

- 2879091 '11-14 PRO RMK® 155-163" | Pair | Black
 2879091-133 '11-14 PRO RMK® 155-163" | Pair | White

E. PRO-RIDE™ HEAT EXCHANGER GUARD

- Protects the front heat exchanger
 • Strong, lightweight aluminum
 • Powder-coated black wrinkle finish
 • All mounting hardware included

- 2878119 '11-14 RUSH®, '12-14 Switchback®
 * Will not fit with PRO-RIDE™ skid plates

F. PRO-RIDE™ RMK® TUNNEL REINFORCEMENTS

- Strong, durable, lightweight 0.1" thick aluminum
 • Powder-coated black wrinkle finish
 • Maintains running board angle during rough riding
 • All mounting hardware included

- 2878178 '11-12 PRO-RIDE™ RMK®, '13-14 600 RMK® 144"

G. PRO-RIDE™ SKID PLATES

- Protects suspension, bulkhead from impact
 • Made of strong ¼" UHMW plastic
 • Adds color and a customized look
 • RMK®-style fits RMK® and Switchback® Assault® models without front heat exchanger
 • Includes all necessary mounting hardware

- 2877793-293 '10-14 RUSH® '12-14 Switchback® | Red

H. ABS POLARIS® AVALANCHE PACK

This ABS Polaris® Avalanche Pack is a backpack that doubles as avalanche survival gear with its self-contained, instantly inflatable airbag. A rider who encounters avalanche conditions can activate inflation of the large airbag atop the pack, which helps prevent burial or minimize burial depth. ABS is a leader in avalanche safety equipment for all types of winter outdoor enthusiasts.

- Avalanche airbag is designed to minimize excavation time by preventing burial or minimizing burial depth
 • A compact compressed-air cylinder stored inside the pack provides fast, reliable airbag inflation
 • Reusable for multiple inflations; compressed-air cylinder can be refilled or exchanged
 • Pack provides generous storage space for essentials such as survival gear, food, tools, water bottles, etc.
 • Comfortable, secure shoulder and torso straps
 • Canisters and handles are not included, sold and distributed by ABS

- 2879088 ABS Polaris® Avalanche Pack

K. POLARIS® / OGIO® MOUNTAIN BACKPACK

MATERIAL: Durable nylon
ATTACHMENT: Adjustable padded shoulder straps and a sternum strap
CAPACITY: 2,075 cu. in.
ADDITIONAL FEATURES: Ergonomic design for most comfortable fit; waterproof zippers

- 2878744 Mountain Backpack

L. BURANDT HAND SAW

- Compact and easy to use
 • Lightweight, strong and reliable
 • Smart emergency gear for all riders

- 2879102 Burandt Hand Saw

I. SNOW SHOVELS

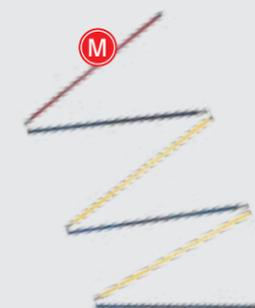

- 2874915 3' Expandable Shovel, Black
 2875094 Shovel with Saw, Red

SKIS FIT ALL POLARIS® SLEDS

A. GRIPPER SKI

The standard in deep snow performance.

- Deeper upper and lower keel design allows for the best performing ski in loose and hard-packed snow conditions
- Integrated traction on top of ski for superior grip
- Deep, 1½" keel for positive steering in loose snow
- Large, forward biased rocker for reduced steering effort
- Wide, 6¾" ski for increased flotation
- Includes ski toe and hardware; carbide skags required (sold separately) – see chart to the right

2877679-293 '11-14 RMK®, '11-14 Switchback® Assault® | Red, Each

2877679-570 '11-14 RMK®, '11-14 Switchback® Assault® | White, Each

B. PRO-STEER SKI

- The Pro-Steer™ Ski features a reshaped keel and shortened skag for reduced steering effort
- Redesigned ribs atop the ski increase torsional stiffness for more precise steering
- Bosses added atop the ribs provide traction to prevent slipping when stepping on the ski
- Alternate ski stop may be required
- Includes ski toe and hardware

2879152-293 '12-14 RUSH®, Switchback®, INDY®, Voyager | Red, Each

2879152-133 '12-14 RUSH®, Switchback®, INDY®, Voyager | White, Each

C. POLARIS® IQ® RACE SKI (not shown)

The race-proven ski for aggressive cornering.

- Factory race proven, aggressive 90° snocross keel
- Provides improved control and better cornering, reduces darting
- Wide tip for increased flotation
- Includes ski toe and hardware; carbide skags required (sold separately) – see chart to the right

2900256-070 IQ® | Black, Each

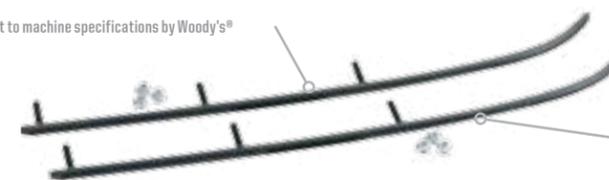

D. POLARIS® SKI TOES

Fits all Polaris® composite skis for that customized sled look.

2876062-293 Fits on Gripper and Pro-Steer™ Skis | Red, Pair

Precision-built to machine specifications by Woody's®

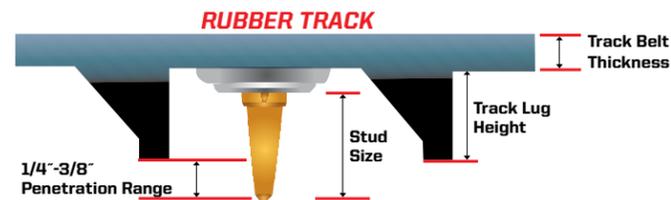

Available with 3" to 8" of carbide in 60°, 75° and 90° styles

HOW TO GET PURE TRACTION ON ICE AND HARD—PACKED SNOW

Adding traction products to your sled improves acceleration, braking and steering control, especially on hard-packed snow and ice. The more aggressive a rider you are, the more traction you need. The key is to have the right balance of traction products on your track and skis.

- 1) Determine how to match your riding style and sled model to the correct number of studs, type of studs and stud pattern.
- 2) Determine the right type and length of turning carbides necessary to balance traction and optimize steering.
- 3) Make sure you have the necessary parts installed to prevent the studs from damaging your sled's tunnel and cooling system.

SKIS & TRACTION

DEEP SNOW: SERIES 5.1 TRACK

- Industry-leading deep powder track; for 8T Drive sprockets, 2.86" pitch
- Available in 146", 155" and 163" lengths
- Optimized lug pattern producing 19% more forward lug contact compared to our Series 5.0 track
- Soft and flexible tips for superior performance in deep snow

DEEP SNOW: SERIES 4 TRACK

- The standard in 2" deep snow tracks; for 8T Drive sprockets, 2.52" pitch
- Available in 144", 151", 159" and 166" lengths
- Equal parts versatility and durability
- Stiff lug base for long wear and hard-pack performance
- Soft and flexible tips for superior performance in deep snow

DEEP SNOW: COMPETITION TRACK

- The proven 2.125" hillclimb track
- Available in 146" and 155" lengths
- Hillclimb-specific pattern
- Stiff durometer construction for maximum traction in hard snow
- Pre-ported for better snow cleanout

CROSSOVER: COBRA TRACK

- The trail track that puts more power to the snow. Excellent powder performance without compromising trail ride ability
- Available in 120", 121", 136" and 146" lengths
- Rigid columns for good hard-pack capability
- Stepped columns and angled cutting edge enhance traction, improve handling in corners
- Connected "cupped" lugs for outstanding performance in soft/loose snow

ON-TRAIL: RIPS AW TRACK

- The aggressive side bite for better cornering, the standard in performance trail tracks
- Available in 120", 121", 128" and 136" lengths
- A high-performance trail track with highly aggressive angled profiles
- Outstanding forward and lateral bite
- Superior handling and acceleration in wide variety of conditions

PERFORMANCE

A. PRO-RIDE™ HOT AIR ELIMINATION VENT KITS

- Allow heat from resonator and clutch to flow out of engine compartment
- Hydrophobic screen material is water repellent and blocks water ingestion
- Benefits include enhanced performance, reduced belt wear (from lowered underhood temperature) and reduced stagnant underhood hot air
- All mounting hardware included; requires cutting
- For race applications only

2878181 All PRO-RIDE™, Hood Vents

B. HOT AIR ELIMINATION VENTS - LOWER FENDER

Install these Hot Air Elimination Vents in the front-end bodywork to reduce underhood heat and enhance engine performance and belt durability.

- **MATERIAL:** Hydrophobic screen material is water-repellant and blocks water ingestion
- For use on PRO-RIDE™ hoods and body panels
- Kit includes LH and RH vents for lower fenders
- For race applications only
- Vents allow heat from resonator and clutch to flow out of engine compartment
- Benefits include enhanced performance, reduced belt wear (from lowered underhood temperature) and reduced stagnant underhood hot air
- All mounting hardware included; requires cutting

2878179 All PRO-RIDE™

C. HOT AIR ELIMINATION VENTS - SIDE PANEL

Install these Hot Air Elimination Vents in the front-end bodywork to reduce underhood heat and enhance engine performance and belt durability.

- **MATERIAL:** Hydrophobic screen material is water-repellant and blocks water ingestion
- For use on PRO-RIDE™ hoods and body panels
- Kit includes LH and RH side panel vents
- For race applications only
- Vents allow heat from resonator and clutch to flow out of engine compartment
- Benefits include enhanced performance, reduced belt wear (from lowered underhood temperature) and reduced stagnant underhood hot air
- All mounting hardware included; requires cutting

2878180 All PRO-RIDE™

★ ADJUSTABLE PERFORMANCE SHOCKS

Walker Evans® Needle Shocks with Compression Adjustment

Premium shocks with external compression and remote reservoirs offer the best in tunability and fade-proof performance. Unique needle design uses hydraulic force at the end of the stroke to minimize harsh bottoming.

A. WALKER EVANS® CR IFS SHOCKS

- High-performance trail shocks that offer a wide range of adjustment, from extremely compliant for trail chatter to very aggressive for big hits
- Compression and rebound adjustment
- External compression adjustment offers wide range for all riding styles
- Springs included
- Piggyback-style is the ideal fit for IQ® plastic with aluminum front bumper

2878738 '12-14 RUSH®, '12-14 Switchback® Assault®, '12-14 Switchback®, Pair

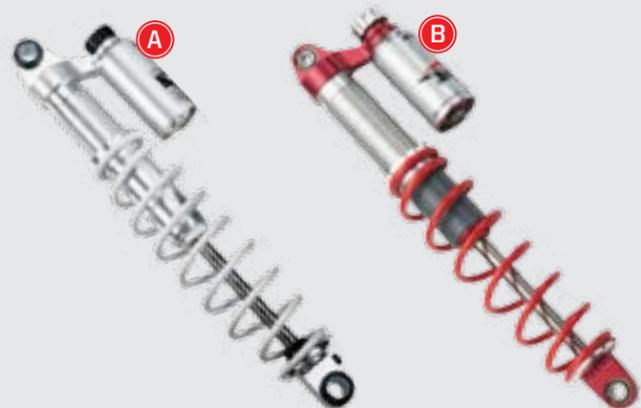

B. WALKER EVANS® PIGGYBACK NEEDLES

- High-performance trail shocks that offer a wide range of adjustment, from extremely compliant for trail chatter to very aggressive for big hits
- Enhanced by exclusive Internal Needle Valve Technology that resists bottoming and allows use of the full shock stroke as much as possible
- External compression adjustment offers wide range for all riding styles
- Springs included
- Piggyback-style is the ideal fit for IQ® plastic with aluminum front bumper

2878194 '09-13 121/136" IQ

2878252 '08-11 RMK®

2876670 Assault, Switchback Rear

C. MOUNTAIN BAR

- More control for deep snow and sidehilling
- 14" long with universal mounts
- Raised Polaris® logo
- Includes all necessary mounting hardware

2877456-070 All except pro taper

D. PRO-RIDE™ KNEE PADS

- Protects knees from impact against the console
- 3/8" thick foam
- 3M adhesive backing for premium adhesion

2878195 Rush, Switchback '13-14 INDY®, Voyager

E. HANDLEBAR HOOKS

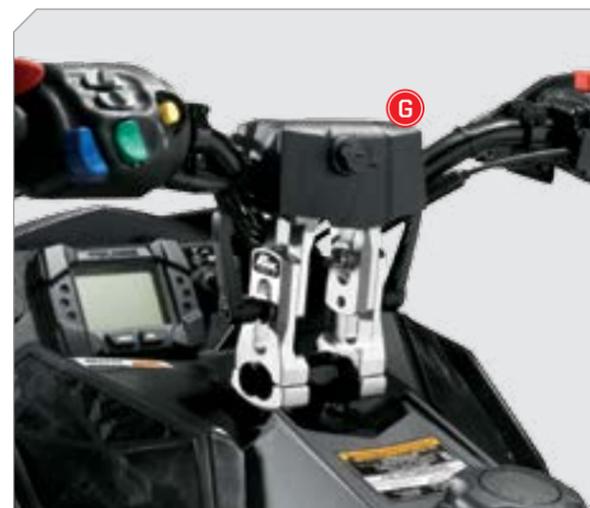

- For aggressive and mountain riding
- Comfortable molding plastic; warmer than metal hooks
- Does not fit with Pro Taper handlebars

2872482-070 Short 45° | Black, each

F. SNOW FLAPS

- Durable, impact-resistant plastic
- Shields from kicked-up snow and ice
- Fits all IQ® models
- Includes all necessary mounting hardware

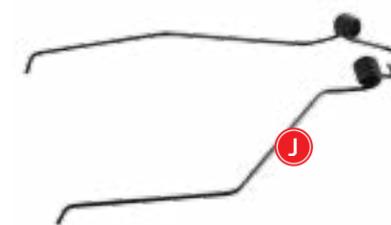

2875078-293 IQ® Snowflap | Red

G. ROX ADJUSTABLE BAR RISER

- Aluminum construction
- Tool-less adjustability
- Adjust your handlebar from 4" to 6" height

2878740 '10-14 RUSH®, '12-14 Switchback®

J. ICE SCRATCHERS

- Fasten to rails to throw ice chips into suspension
- Drag in snow, lubricating hi-fax
- Allow removal of wheels equivalent to 4 lbs.

2876256 RMK, PRO-RIDE, Assault

K. SAWTOOTH BRAKE DISC

- 1 lb. weight savings
- Less rotating mass
- Improved acceleration

2878739 '10-14 PRO-RIDE™ Models*

* Excludes '13-'14 PRO-R and PRO-RMK®

H. REAR OUTER WHEEL KIT

- Necessary for studding track
- Comes complete with wheels, bearings and hardware for a three wheel axle assembly

2876337 '08-14 IQ® Shift®/Indy, Voyager

I. RMK® BOGIE WHEEL KIT (not shown)

- RMK® riders can enhance the ride and performance of their sleds with the installation of this RMK® Bogie Wheel Kit
- Expands the distribution of weight for a smoother, more balanced ride in all conditions
- Wheels install on the stock skid

2878251 '11-14 PRO-RMK

L. HANDLEBAR RISER / ALUMINUM

2876266 IQ®, RMK®, Indy®, Voyager 2.38" Handle Bar Riser

2876265 IQ®, RMK®, Indy®, Voyager 2.38" Handle Bar Riser

2876264 IQ®, RMK®, Indy®, Voyager 2.38" Handle Bar Riser

A. KEY-OPERATED ELECTRIC START KITS

The ultimate convenience feature you can add to your sled.

- Easier to use and more consistent than pull starts
- Nice for extreme cold conditions
- Electric Start Kits do not include batteries

2878250	All PRO-RIDE™ Includes 600 INDY®, 600 Voyager
2877257	'08-12 IQ® 600/700/800 Cleanfire
2878796	Voyager Electric Start Voyager 550, INDY® 550
2879330	All PRO-RIDE™, Includes 600 INDY®/Voyager (Requires Battery PN 4013045)
2878796	'09-13 IQ 550 (Requires Battery PN 4011496) NEW
2879833	MY14 550 INDY®/Voyager
2877256	'08-12 IQ 600/700/800 (Requires Battery PN 4011496)
4013045	Battery
4011496	Battery

B. BATTERY HEATERS

- Warms your battery and engine for easier cold weather starting

2411109	110V Battery Heater – FS / FST
---------	--------------------------------

E. BIG WHEEL SNOW DOLLIES

Move that sled around the garage with ease.

2856656	Red
---------	-----

F. TIE DOWN STRAPS

Reliable high-test tie down straps secure sleds quickly and confidently.

2871181	2 Pack Black
---------	----------------

C. RECEIVER HITCH

- Receiver style hitch
- Accepts following tow hitches: "J" Hitch, Standard Hitch, Donut Hitch

2878683	PRO-RIDE™ Hitch, '10-14 RUSH®, '12-14 Switchback®
2876562	'05-11 IQ® 121"-136" Hitch, '11-13 550 LXT

2874177	EDGE® 121", Switchback®, RMK® Swivel Hitch

D. RECEIVER HITCH DRAW BARS

- Safety lock pin
- Heavy-duty steel rod hook
- Durable e-coat and black powder-coated finish
- Mounting lock pin for added safety
- "J" Hitch features a safe spring-loaded lock plate
- Donut Hitch receives up to 1" ropes, wires or tow hooks

2876677	Standard Hitch*
2876711	Heavy Duty "J" Hitch*
2874449	Donut Hitch*
2874448	"J" Hitch for Touring*
2879838	Heavy-Duty "J" Hitch

* Requires Receiver

G. 12 VOLT AND RCA PLUGS

- 12v accessory plug in 12-volt outlet, great for GPS or phone, dash mount
- RCA adapter allows you to plug in a heated face shield
- RCA Power Plug includes all hardware required to add an RCA outlet

2878475	All PRO-RIDE™, IQ®, 12V
2878227	All PRO-RIDE™, IQ®, RCA Adapter
2878780	All PRO-RIDE™, IQ®, RCA Power Plug

* All IQ® except 600 Carb

PURE POLARIS®: DRIVE BELTS

- Engineered, tested and guaranteed to fit and perform on Polaris® machines
- Lowest tolerances (0.188") provide the most consistent performance
- Precision measured to ensure stringent tolerances are met for both length and width

STANDARD | GOOD

- Good trail belt for lower horsepower engines
- Best suited for low-speed operation

CVT | BETTER

- Increased service life over Standard belts
- May need 1-2g heavier drive clutch weight over Standard belts

KEVLAR® | BEST

- Increased service life over CVT belts by up to 8 times
- Cut edges belt; consistent like PBO belts
- Short break-in period
- May need 1-2g heavier drive clutch weight over CVT belts

PBO | ULTIMATE

- Extreme-duty belt; longest service life
- CNC ground edges on each belt
- Longer break-in period

*Belt dimensions are given in nominal dimensions. There is a +/- variance for all critical dimensions. Clutch setup must be inspected when a new belt is installed and should be adjusted if necessary. The drive belt is an important component in the CVT system. In order to achieve maximum efficiency from the converter, drive belt deflection (tension), clutch offset and alignment must be adjusted properly. See your Service Manual for further details on drive belt measurement inspection.

UNTIL THE RIDE RETURNS

The Ride is never truly over. Your sled may be at home, shielded from the elements, but like you, it is simply waiting for the next Ride. And when the snow calls again, you'll appreciate the fact that your sled was covered with the finest protection available. From simple dust covers, to canvas, to our new premium poly covers, there is no better way to prepare for The Ride that comes next.

POLYESTER COVERS

These durable Polyester Covers provide excellent protection during storage and trailering. The cover has an opening for fuel fill access, and it accommodates a tunnel bag without removal, as well as an accessory front bumper, rear hitch, full range of windshield heights and saddlebags, and the Lock & Ride® Convertible Passenger Seat.

COLOR/GRAPHICS: Black cover with multi-color Polaris® branding
MATERIAL: Durable, premium polyester construction; treated to repel water and prevent UV degradation

• Includes integrated straps and hardware for secure installation

2879792	Premium RMK® Poly Cover
2879793	Premium RUSH® Poly Cover
2879791	Premium Switchback® Adventure Poly Cover
2879794	Premium Switchback®/Indy® Poly Cover

CANVAS COVERS

These durable Canvas Covers provide outstanding protection for your favorite sled when it's being towed, parked overnight or stored in the off-season.

FITMENT: Custom fit for Polaris® snowmobiles, excellent coverage of spindles and a-arms, adjustable strap to accommodate windshield heights

MATERIAL: Rugged, durable 10 oz. canvas, treated to repel water and prevent UV degradation

ADDITIONAL FEATURES: Elastic at bottom holds cover on sled

2878725	PRO-RIDE™ Switchback®, INDY® 600 Cover
2878724	PRO-RIDE™ RMK®, Switchback® Assault® Cover
2878726	PRO-RIDE™ Switchback® Adventure™ Cover

2878727	IQ® Touring, LXT Cover
2877188	Widetrack, Utility Cover
2875865	'07-14 IQ® 121", 121", and 128" Cover
2875488	'05-11 IQ® Switchback®, '11 IQ® LX 136" and 144" Cover
2876633	'08 600 RR, '05-11 IQ® Cover Polaris® Racing Graphic
2879844	Voyager 550, Adventure X2 Cover
2879845	Voyager 144" Cover
2871913	4 straps and buckles

DUST COVERS

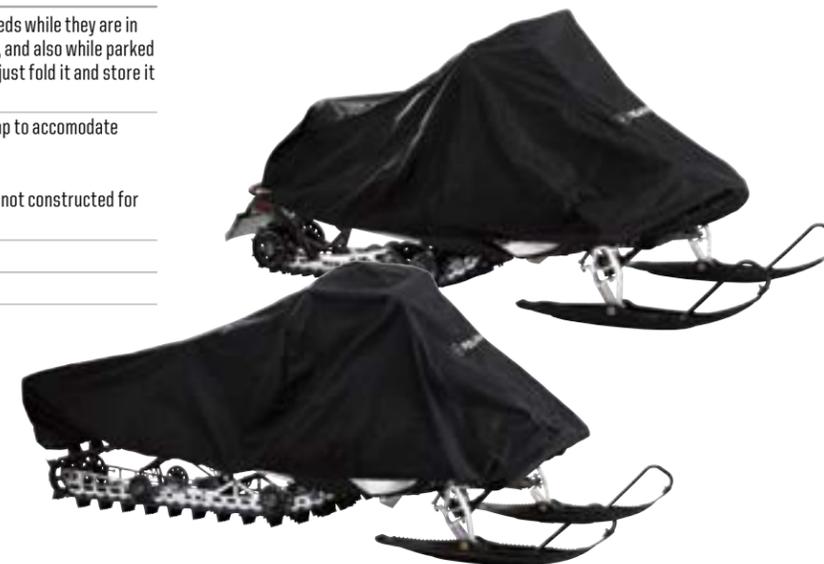

These dependable nylon Dust Covers are ideal for protecting sleds while they are in an enclosed trailer, being stored indoors during the off-season, and also while parked overnight. Take a cover along during a multi-day riding trip and just fold it and store it in a bag while riding.

FITMENT: Custom fit for Polaris® snowmobiles, adjustable strap to accommodate windshield heights

MATERIAL: Durable nylon

ADDITIONAL FEATURES: Elastic at bottom holds cover on sled; not constructed for use on sled being transported on an open trailer

2878729	PRO-RIDE™ RUSH®, Switchback®, INDY® Dust Cover
2878730	PRO-RIDE™ RMK®, Touring Dust Cover

PURE POLARIS®: TECHNOLOGY-DRIVEN LUBRICANTS

When it comes to maintaining top performance out of your Polaris® snowmobile, there is no better choice than Pure Polaris® lubricants and fuel.

We engineer products that meet the ever-evolving technology of today's high-performance engines. Engineering and testing in conjunction with motors as they're developed ensures you get an oil perfectly matched for your sled.

ENGINE TECHNOLOGY: Tighter tolerances, higher operating temperatures and new technologies drive the need for better performing oil

EMISSIONS REQUIREMENTS: The performance levels of today's engines combined with need for low emissions makes a clean-burning oil essential

RESPONDING TO CUSTOMERS' NEEDS: Polaris® understands the rider and designs oil to meet customer needs with attributes such as easy-start and smokeless/low-odor formulations

RATED ON A SCALE OF:	EASY START	PURE SYNTHETIC	HIGH RPM
VES RACE	BEST	BEST	BEST
VES	BEST	BEST	BETTER
PREMIUM BLUE	GOOD	BETTER	GOOD

ENHANCED COLD PULL STARTING

Formulated to provide better starting performance in all conditions – including extreme cold temperatures.

VES Race and VES provide up to 65% easier cold pull start

(measured in lbs. of pull force)

A. VES RACE SYNTHETIC 2-CYCLE OIL

- Designed to optimize the performance of VES systems
- The best engine and exhaust valve detergency available
- Additional anti-wear additive extends ring, cylinder and bearing life
- Pre-mix or injection
- The oil exclusively used by the factory racing team

- 2878243 1 Quart | 6 per case
- 2878191 1 Gallon | 4 per case
- 2878244 16 Gallon Drum
- 2878245 16 Gallon Drum

B. VES SYNTHETIC 2-CYCLE OIL

- Best low temp performance of all Pure Polaris® oils
- Cleaner burning, low odor, smokeless oil formula
- Designed to improve exhaust valve performance
- Offers maximum engine protection at high RPM
- Meets Category IV low temperature requirements
- Pre-mix or injection

- 2877882 1 Quart | 6 per case
- 2877953 2 Quart | 8 per case
- 2877883 1 Gallon | 4 per case
- 2877884 2.5 Gallon | 2 per case
- 2877885 16 Gallon Drum
- 2877886 55 Gallon Drum
- 2877892 330 Gallon Tote

C. PREMIUM BLUE 2-CYCLE OIL

- Excellent low temperature performance
- Most advanced synthetic blend 2-cycle lubricant on the market
- Excellent long-term engine protection and detergency
- Pre-mix or injection

- 2875035 1 Quart | 12 per case
- 2875036 1 Gallon | 6 per case
- 2875038 2.5 Gallon | 2 per case
- 2875037 16 Gallon Drum
- 2875039 55 Gallon Drum
- 2875040 330 Gallon Tote

D. PS-4 PLUS SYNTHETIC OIL

- Full synthetic designed for Polaris® 4-stroke engines.
- Excellent cold weather start-ability plus ultimate engine protection in severe operating conditions.

- 2876244 | 1 Quart | 12 per case
- 2877490 | 2 Quart | 8 per case
- 2876245 | 1 Gallon | 4 per case
- 2876247 | 16 Gallon Drum
- 2876246 | 55 Gallon Tote

E. ANTI-FREEZE

- Formulated specifically for Polaris® snowmobile and ATV aluminum cooling systems
- 60/40 pre-mix with deionized water, effective to -62° F

- 2871534 Quart | 12 per case
- 2871323 Gallon | 6 per case
- 2872278 55 Gallon Drum

F. HYDRAULIC BRAKE FLUID

- Designed for use in Polaris® hydraulic brakes
- Superior high temperature characteristics
- Anti-corrosive additives extend the life of brake system and ensure consistent, positive braking

- 2872189 DOT 4 12 oz. | 12 per case

G. SYNTHETIC CHAINCASE LUBE

- Prevents rust, oxidation and corrosion of internal chaincase components
- Synthetic formula engineered and tested by Polaris® for snowmobile chains and sprockets
- Provides maximum protection for extreme operating temperatures
- Low sulfur additive resists thermal breakdown

- 2873105 Quart | 12 per case
- 2873106 Gallon | 4 per case
- 2872952 2.5 Gallon | 2 per case

H. GREASE GUN KIT (not shown)

- Tough steel construction and pistol grip design
- Front and top-pipe outlet mounts accept both 6" rigid pipe nozzle and 12" 12,000 psi flex hose
- Comes with standard zerk fitting

- 2871312 Grease Gun Kit | 4 per case

I. ALL SEASON GREASE

- Engineered for the pressure and temperature demands of snowmobiles, ATV and watercraft

- 2871322 3 oz. | 4 packs, 6 per case
- 2871423 14 oz. | 10 per case

J. GAS SHOCK OILS (not shown)

- Premium formulas to match every shock
- Eliminate fade and freeze-up

- 2874522 Walker Evans® - 5 wt. - Quart | 6 per case
- 2870995 Premium FOX® - Quart | 6 per case
- 2872279 Premium FOX® - 2.5 Gallon | 2 per case
- 2873716 Premium RydefX® - Quart | 6 per case

K. SHOCK ADJUSTING LUBE (not shown)

- Allows for easy spring adjustment
- Silicone dry film lubricant
- Penetrates shock body threads and lubricates spanner nut and threads maintaining adjustability in extreme cold

- 2878018 Shock Adjusting Lubricant | 1 per case

L. 112 OCTANE RACING FUEL (not shown)

- Consistent blend, excellent shelf life
- Engineered and tested by the Polaris® Factory Race Team to meet the demands of high-horsepower stock and modified racing engines
- Legal-stock fuel for most race sanctions; dilute to meet specific octane requirements
- Maximum horsepower potential

- 2877162 16 Gallon Drum
- 2877163 55 Gallon Drum

SOLUTIONS FOR E10 GASOLINE

- Formulated specifically for E10 gasoline
- Designed to address the negative aspects of phase separation common in all ethanol blended gasoline

M. CARBON CLEAN FUEL TREATMENT

- Dissolves gum and varnish in fuel system
- Prevents and cleans carbon in combustion chamber
- Excellent fuel stabilizer for storage
- Formulated for 2&4-cycle Polaris® engines
- Absorbs water and stabilizes fuel

- 2871326 12 oz. | 12 per case

N. PREMIUM ETHANOL FUEL STABILIZER

- Prevents fuel oxidation and system corrosion
- Significantly reduces gum and varnish formation
- Protects fuel system components
- Formulated for 2&4-cycle Polaris® engines

- 2870652 Quart | 12 per case
- 2872280 2.5 Gallon | 2 per case

O. SCENTED FUEL STABILIZER

- Prevents oxidation, gum and varnish formation
- Burns with a pleasant odor
- Scent reminds you fuel is stabilized

- 2879414 Mint Scented Stabilizer 4 Ounces | 12 per case
- 2879415 Strawberry Scented Stabilizer 4 Ounces | 12 per case
- 2879416 Vanilla Scented Stabilizer 4 Ounces | 12 per case
